

Quality Policy

CEL UK Ltd is committed to be the preferred choice of our Customers by being Market driven and Quality oriented in all aspects of the company's operations.

By meeting all Customer, Statutory and Regulatory requirements, under a philosophy of continuous improvement, we will seize all opportunities offered and achieve our primary objective of complete Customer Satisfaction.

To support this objective we have implemented a Quality Management System that meets or exceeds the requirements of the latest revision of ISO9001 which include the business objectives (KPI's) monitored at Management Review.

Adopting a progressive attitude, while empowering personnel within the organization through training and motivation, we ensure everyone takes part, believing in, and working towards achieving our goals.

The contents of our Quality Manual are mandatory and it is the responsibility of all personnel to work in accordance with the procedures.
